

## 5 Super Saving Tips From Rosey The Coupon Coach

**Buy clothing and shoes off season!** Save up to 90% on clothing and shoes when purchasing off season. That means buying what you need (or want) at the end of the season and putting it away for the following year. Styles (even designer brands) do not change that drastically from year to year. Buy a size larger for your children. Even if they grow quickly and grow over the size you haven't invested that much money in the item to get upset over it.

**Get rid of that expensive fancy cell phone plan!** You are throwing away your hard earned money each month paying for that fancy cell phone plan. If you are a big cell phone user then it is worth having the fancy phone and expensive plan but you can save a bundle each year by using a pay as you go plan like [Tracfone](#), [Net10](#) or [Straight Talk](#)! It cost about \$110.00 per year per cell phone to have cell phone coverage with the latest phone. [Tracfone](#) now has a triple minute plan that you can buy and each time you renew your yearly plan you will receive triple minutes. Check out all the many options and plans available at [Tracfone](#), [Net10](#) or [Straight Talk](#)! You'd be very surprised what you can get with a pay as you go plan

**Start a veggie garden!** Get together with some friends/neighbors and see if they can grow something different so that you can all share in the bounty. Even if you only have the room to grow herbs in pots on your windowsill then do so. Check out the vast selection of seeds and instructional videos that [Burpee](#) has to offer on their website. It's free and a wonderful resource for great deals on seeds and information.

**Don't purchase items you really don't need.** Make a list and stick to it when you go food shopping. Weigh the cost of a repairs vs. new – you would be surprised how much more life you can get out of that washer with a simple repair. If you are handy there is a wealth of information on the internet on how to do your own repairs. Don't trust any of the local professionals? – Join [Angie's List](#) it's well worth the small fee you have to pay each year to get the valuable information on her list.

For more information, please follow Rosey The Coupon Coach on Facebook and on her blog to get all the latest deals and tips. She posts money saving deals and tips each day and the best part it's free!
